F 2

Hay E The President now notes that all the recollections and proposals of the Bowreagh Municipal Board which are on the lines minuted at the meeting of the Board at which he was present and presided and have his cordial support and recommends for sanction the levy of the market fee proposed, which will be easily leviable and will not be considered excessive, as the town is in close proximity to the Malaga Fields where articles of Consumption are sold dearer than in other rural towns. He adds that the Municipality have at great cost ~~laid~~ laid out an exceptionally convenient & spacious market place, with market Stalls, Wells & a Cattle drinking pond, & that the income expected to be

~~6~~ 3

derived from fees on sheep, goats cattle will recoup the expenditure

9 The annual income expected to be realized by the levy of the above fees is £ 5,982 while the expenditure proposed on account of the Pedal Laboratory, viz £ 780 appears to the authorized scale of 10 per cent by Reg No 182 It may this however be considered as a special case ~~matter~~ laid only for a period of 6 months, subject to the submission of a report at the end of this period submitted with draft for ~~orders~~ as approval: or other orders

Office of the president of Municipal Board, Kolar district dated 8th December 1903.

From

F. E. C. Carr Esquire
President.

To

H. V. Nanjundiah Esquire B.A. B.L.
Secretary to the Government of
His Highness the Maharaja of Mysore
Revenue and General departments.

Sir,

In forwarding herewith copy of a letter from the Amildar and Vice president of the Bowringpet Municipality, I beg to inform you that all the resolutions and proposals of the Bowringpet Municipal Board, have my Cordial support, they having been proposed on lines indicated by myself at a meeting of the Board at which I was Resident present and presided.

2. The market fees proposed are perhaps a little higher than those imposed in other Municipal markets, excepting the Coorjam Lac the: but they will be

easily leviable, and will not be considered excessive, in Bowringpet, which is so near the Kolar Gold Fields, that rates of all articles of consumption are much higher than in ordinary rural towns

3. The Municipality have at great cost laid out an exceptionally convenient and extensive market place, with market stalls, wells, and a cattle drinking pond, but there is no doubt that the income which will be derived, especially from fees on sheep, goats, and cattle, will in a very short time recoup expenditure

4. Very early sanction to the above proposals is requested, as the market is complete in every detail, and the octroi fees are levied, the octroi will the Municipality begin to reap the reward of their labours.

I have the honor to be
Sir
your most obedient servant

W. C. Clarke
President.

From

Bowringpet Taluk office.

No. L.F. 8/06

Dated 23rd November 03

To

J. E. C. Carr Esquire

Deputy Commissioner

Kolar District.

Kolar.

Sir,

In submitting herewith copy of the resolution of the Municipal Board, Bowringpet together with necessary statements for levying fees on goods and cattle brought for sale into the weekly fairs at Bowringpet, I beg to state that the proposals for levying the said fees were mooted by the Municipal Board, so far back as in 1899 for the improvement of the financial condition of the Municipality to carry out the urgent Sanitary requirements of the town rising in importance day by day. But when these proposals were submitted to Government for sanction (vide President's letter to the Secretary, Rev: & Genl: Depts: No. 4-10 (2) dated 24-11-99), the Government called for certain informations regarding the conveniences that had been provided by

the Municipality for the benifit of the people assembling at the fare and the cost there of (vide Government Orders No. 6416 (15) d. 7240-93 dated 4-12-99)

Adverting to the above requisition from Government, the President informed the Government (vide letter to the Secretary Revenue and General Secretary departments: No. 510 (16) d. 7. dated 6th January 1900), that anything has to be done in the future from the realization of the fees, when introduced and that the financial condition of the Municipality did not allow of any improvement to be made. To this no reply seems to have been received from Government as yet.

Reply Secretary General Dept

The question required immediate attention on account of the large extension and importance of the Municipality and therefore brought before the Board again for discussion in their proceedings No. 11 dated 4th May 1903 and the resolution for the required improvements, such as, fencing of Market, erection of plat forms, supply of drinking water for men and cattle &c, at a cost of Rs 1000/- to be met from the closing balance of last year, was passed. Accordingly an estimate was prepared for those connections to the

extent of Rs 801-4-8 and submitted for sanction with kind support of the President. The Govern ment sanctioned the estimate in their Proceedings No. 46-I dated 4th July 1903 and the works have been approaching completion. All necessary conveniences have now been provided, viz, two wells have been secured for drinking water supply to the people and a tank close by has been restored for water for cattle, grounds have been levelled, platforms have been formed and the fencing proper

I therefore request that the resolution of the Board for levying the fees may be submitted to Government with a strong support of the Presi and their sanction obtained early, as further improve ments and up-keep of market has to be attended to early.

In fixing the rates of fees, due consider ation were given to different rates of differ markets and the lowest rates selected.

Owing to its vicinity to Gold Fields, it is largely attended by grain dealers and merchants The Board now proposes to levy fees at

the rates shown in enclosed statement No I, which compared with Bonjam Market rates, will be found very low. For the collection of fees, the Board proposes an additional establish-ment as per statement No III enclosed, at an increased cost of Rs 780/- per annum, which will be met from the realization of Market fees for working the Municipality and Market conjointly which may save any further additional cost and also give full work for all the men employed.

On estimating roughly at the proposed rates, the probable annual income of the market fees, thus levied comes to Rs 5982/- of which Rs 780/- would be an estimated charge, giving a net income of Rs 5,202/- per annum which will give sufficient funds to the Municipality, to carry out the sanitary measures, which the Municipality urgently needs. (Statement Nos II & III herein

I beg to remain
Yours &c
(Sd) C. R. Krishna Row
Assistant Vice President

"Copy"
[illegible]
President

Extract from the proceedings of the Municipal Board, Bowringpet, passed at a meeting held on the 26th September 1903.

VI Read again the previous correspondence re. the collection of Market fees.

Proposed by Mr. Shama Row that the following rates may be fixed for the collection of the Market fees and submitted to the President to obtain sanction of Government for immediate collection of the said fees, as the Market improvements, such as, fencing, formation of Platforms and conveyance of water both for people and cattle are approaching completion

Rates.

1. Ordinary stalls (9 x 6 1/4) on platforms (snuff, tobacco, cloth, jaggery, Rice grain, sweetmeats &c) ---------- 0-2-0

Note- Maximum no: allowed to one holder (8 stalls) for wholesale merchants

2. Gold-smiths, Shroffs, per stall 9 x 6 1/4) on platform ---------- 0-4-0

3 Petty Vegetables, condiments oil mongers &c 0-0-6

4 Do - such as Chillies, Coriander &c - 0-0-3

5 Potters, Sugar cane &c. ---------- 0-2-0

6 Basket makers, eatables selling shops &c 0 1-0

7. Butcher's shop (Beef & mutton) ... 0-2-0
8 Fish ... 0-1-0
9 Poultry (per basket load) ... 0-0-6
10 Bullocks &c per head ... 0-0-6
11 Sheep or goats ... 0-0-3

VII Read again the President's memo. No. 203 dated 22nd June 03, stating that the conservancy establishment proposed for 1903-04 is so high as Rs 1560/- and it should be cut down to Rs 1000/- &c.

Proposed by Mr. Gulam Ahmad and seconded by Mr. Shama Rao that the present conservancy establishment charges costing Rs 1260/- being insufficient, an increase was applied for and if this could not be sanctioned, at least the present establishment should be left as it is without being curtailed down to Rs 1000/-. The President therefore be again moved on the matter. When the additional establishment for the Market is sanctioned they may also be utilized for the Municipal work, as the Market work may not certainly engage them for more than three days in a week that in conformity with the last resolution.

an establishment as per statement attached be submitted for sanction for working the Municipality and Market conjointly, which may cause additional cost & give full work to all the men employed.

Resolution :- Approved and passed unanimously with a remark that the proposal with a statement will soon be submitted to the President to obtain early sanction of Government
